LinkedIn / Victor Patrick

Product-minded frontend engineer with 4+ years of experience translating complex fintech, AI, SaaS, gaming, and consumer-product requirements into fast, accessible, maintainable interfaces. Strong in React, Next.js, TypeScript, frontend architecture, and cross-functional delivery.

## EXPERIENCE

### Unshelled Consultancy · Frontend Engineer, Consultant

2025 — Present

AltBank CRM

- Deliver frontend consultancy for AltBank's customer-relationship platform.
- Translate high-context operational requirements into clear workflows, reusable interface patterns, and maintainable application structure.

### P.E Gaming Limited · Frontend Engineer

2025

Remote · Nigeria

- Built and evolved consumer-facing product experiences across gaming and adjacent digital products.
- Owned frontend delivery from interface architecture and reusable components through API integration and production release.
- Collaborated with product, design, and backend partners to turn evolving requirements into resilient user flows.

### RocketDevs · Frontend Engineer, Consultant

2024 — Present

Remote · International clients

- Ship responsive, production-ready products for distributed client teams across multiple industries.
- Adapt quickly to new codebases, product domains, delivery constraints, and cross-functional workflows.

### Fuziondot · Frontend Developer

2024 — 2025

Remote · United Kingdom

- Built a multi-tool marketing intelligence product spanning SEO, traffic and competitor analysis, market research, advertising, and payments.
- Created reusable dashboard patterns for data-heavy interfaces, charts, filters, async states, and responsive layouts.

### Trendstack · Frontend Developer

2023 — 2024

Remote · Nigeria

- Helped build a two-sided platform connecting brands with creators for funded marketing campaigns.
- Implemented discovery, campaign, account, and payment journeys using Next.js, TypeScript, React Query, and Paystack.

### AltSchool Africa · Student Mentor

2023

### Mvend · Frontend Developer Intern

2022

### Independent Product Work · Frontend Developer

2022 — 2023

Designed and shipped complete React products while establishing professional frontend foundations.
